## The Wildlife Vet

The Wildlife Vet

Animal lover and veterinarian Silje (29) and her husband Gaute (30) spend a year travelling the world, helping animals in need.

Genre Documentary

**Production year** 2010

**Produced by** TV2 Norway Distribution Nordic World AS Silje is a veterinarian and together with her husband Gaute they had the good fortune of spending one year travelling the world, helping animals in need.

In each episode, Silje and Gaute travel to a new destination to aid creatures. Often, human interference with the animals natural habitants create a stir in the natural balance, and as a paradox result, the animals cannot survive without the continuous intervention of people.

In this heartfelt series the charming pair breeds moose calves in Alaska, catch big giraffes in South-Africa, help orangutan babies take their first steps into the wild in Borneo and go to Thailand to work at the world's biggest elephant hospital - among many other things.

Through small animation clips during the program, the viewers are also explained issues and facts in an entertaining and informative manner.

The Wildlife Vet is six episodes with laughter and fun, tears, fascinating facts and excitement.
